- Preventing Adolescent Pregnancy and Fatherhood.
- Protecting Yourself and Your Partner.
- Preventing Sexually Transmitted Diseases.
- Preventing Gang Violence.
- Dealing with Bullying, Cyber-bullying, Sexting.
- How to handle life’s pressures.

History of Project Alpha

The March of Dimes and Alpha Phi Alpha Fraternity, Inc. began collaboratively implementing Project Alpha in 1980. Designed to provide young men with current and accurate information about teen pregnancy prevention, Project Alpha consists of a series of workshops and informational sessions conducted by Alpha Phi Alpha Fraternity brothers.

The three goals of Project Alpha programs are:

- Sharing Knowledge by combating ignorance and fear with factual information.
- Changing Attitudes by providing motivation toward positive changes in sexual behavior.
- Providing Skills by creating a sense of empowerment and self-esteem.

Project Alpha is a seminar held by Alpha Phi Alpha Fraternity, Inc. The seminar provides an environment where young males can discuss manhood and relationship topics. They will receive information on problem-solving/prevention skills, and share their own experiences in an all-male setting.
