Alpha Legacy: A Brief History

Since its founding on December 4, 1906, Alpha Phi Alpha Fraternity, Inc. has supplied voice and vision to the struggle of African-Americans and people of color around the world.

Alpha Phi Alpha, the first intercollegiate Greek-letter fraternity established for African-Americans, was founded at Cornell University in Ithaca, New York by seven college men who recognized the need for a strong bond of Brotherhood among African descendants in this country. The visionary founders, known as the "Jewels" of the Fraternity, are Henry Arthur Callis, Charles Henry Chapman, Eugene Kinckle Jones, George Biddle Kelley, Nathaniel Allison Murray, Robert Harold Ogle, and Vertner Woodson Tandy.

The Fraternity initially served as a study and support group for minority students who faced racial prejudice, both educationally and socially, at Cornell. The Jewel founders and early leaders of the Fraternity succeeded in laying a firm foundation for Alpha Phi Alpha's principles of scholarship, fellowship, good character, and the uplifting of humanity.

Alpha Phi Alpha chapters were developed at other colleges and universities, many of them historically black institutions, soon after the founding at Cornell. While continuing to stress academic excellence among its members, Alpha also recognized the need to help correct the educational, economic, political, and social injustices faced by African-Americans.

Alpha Phi Alpha has long stood at the forefront of the African-American community's fight for civil rights through leaders such as W.E.B. DuBois, Adam Clayton Powell, Jr., Edward Brooke, Martin Luther King, Jr., Thurgood Marshall, Andrew Young, William Gray, Paul Robeson, and many others.

Alpha Phi Alpha Fraternity, Inc. Today

Alpha Phi Alpha today continues its commitment to members of the Fraternity and the African-American community through Alpha University. Via Alpha University, the Fraternity has dedicated itself to fostering the spirit of Brotherhood, training a new generation of leaders, building the technological capacity of members, bringing consistency to the implementation of the Fraternity's national programs and ensuring that chapters have the necessary preparation to implement fraternal initiatives and day-to-day operations.
